Ideation Phase
Empathize & Discover

Date	28 September 2026
Team ID	SWTID-2026-2598
Project Name	AI BlogNest API
Maximum Marks	4 Marks

Empathy Map Canvas

Persona: Meera – an independent technology blogger who publishes several articles a week.

Quadrant	**Observations**
Think & Feel	"I don't have time to write a full post today." • "I hope this draft sounds natural." • "Will readers actually read this whole thing?"
Hear	"Content is king." • "Consistency matters for blog growth." • "AI tools are speeding everyone else up."
See	Competing blogs publishing daily • Long unread articles piling up • Readers skimming and leaving quickly
Say & Do	Skips writing on busy days • Reuses old paragraphs to save time • Manually shortens posts for social captions

Pain	**Gain**
Time-consuming drafting • Inconsistent posting schedule • Manually summarizing every post	Faster draft creation • Consistent publishing • More time to edit and personalize instead of starting from zero
